

The VSCC, Subaru and Isuzu; a new association

The Vintage Sports-Car Club are pleased to announce a special discount arrangement for members wishing to buy a new Subaru or Isuzu. In conjunction with the official UK importer, International Motors Ltd, members can purchase any model in the ranges at a 10% discount.

If you wish to take advantage of this offer please visit the websites (www.subaru.co.uk and www.isuzu.co.uk) to identify the model, specification and colour you require. The Club office also has a limited number of brochures, if needed. You then need to submit an order form - details below.

A quotation for the car, including road fund licence, delivery and PDI will then be sent to you for your approval. The car will have to be collected from the Company's Head Office at Coleshill, just off J4 of the M6 near Birmingham. Please note that no trade-ins can be accepted under the Scheme, and finance cannot be offered. The Scheme is restricted to new cars only.

Once approved, the order will be fulfilled as soon as possible, availability of stock permitting. Funds will have to be cleared prior to collection. Please note that this arrangement is based on the car being supplied direct from the importer. Dealers are unable to provide cars under the Scheme, so please do not approach a dealer to supply a car with this discount.

For an order form, please contact the Scheme Administrator (mentioning the VSCC): John Sheward, telephone 0121 730 8183; or e-mail jsheward@imgroup.co.uk
