Hawthorn Memorial Trophies Race Meeting  
Oulton Park Circuit  
18 July 2015  
MSA Permit Number – tba

**TEAM RACE ADDITIONAL SUPPLEMENTARY REGULATIONS**

Held under the General Regulations of The Motor Sports Association (incorporating the provisions of the International Sporting Code of the FIA) and the Supplementary Regulations

**1. Eligibility**

The race is open to teams of members of the VSCC, BDC, AMOC, or BOC running VSCC eligible or BDC, AMOC and BOC invited Pre-War Sports-Cars in road-going trim, i.e. fitted with wings and lights, battery, starter and silencers. However, consideration will be given to cars that may not meet all these criteria but can satisfy the organisers that they ran in their present format in period as sports-cars.

**2. Team Composition**

A team will consist of a minimum of three drivers and two cars (two drivers sharing one car) and a maximum of three drivers and three cars. Teams do not need to be themed by marquee. The entry fee per team will be £510.00 which may be paid in whole by any one of the team entrants or as a share by individual entrants. A Team Manager must be appointed who may or may not also drive in the race. A driver may only drive for one team. Car/Driver nominations must be notified to the Handicappers no later than 1 July 2015. A car may not be entered in more than one team. Each nominated car/driver combination must race for at least 20 consecutive minutes and no car/driver combinations may race for more than 30 consecutive minutes, plus one lap, without a handover/takeover. Any breach, whether by accident or design, will result in a three lap penalty.

**3. Entry Forms**

Each individual Competitor must complete an entry form for the race (in addition to any form completed for other races during the meeting) and each Team must submit a Team Entry Form. The Supplementary Regulations are available to view or download from the VSCC web site at [www.vsc.co.uk](http://www.vsc.co.uk) or available on demand if not already held. Entry forms are included in this pack.

**4. Numbers**

Team cars are numbered with two or three digits using the convention that the first one or two digits represent the number of the Team and the final digit represents the individual car/driver combination. e.g. Team Two will be numbered 21, 22, 23 and Team Eleven will be numbered 111, 112, 113.

**5. Awards**

The race will be run as a scratch race and the winning Team will be the team that has covered the most laps in the time available with awards to first, second and third. In addition, each Team will be given a handicap based on known car/driver combinations and handicap awards will go to first second and third on handicap, not winning a scratch award. There may be additional awards for inter-marque teams.

**6. Starting Grid**

Teams will be required to notify their nominated start car/driver to the Handicappers in advance of the event taking place. The Start Grid for the race will then be determined by the handicap times for the selected start cars.

**7. Handicaps**

Handicaps will be set in advance of the meeting and will be based upon the Team expected to complete the most laps being rated as the scratch team and all others being credited with a certain number of laps which will count toward the handicap award only. Handicappers will be available for Team Managers (only) to discuss handicaps until 1500hrs on race day when handicaps will be sealed. Where a particular car/driver combination in a Team is considerably faster than the other members of the Team, the organisers reserve the right to restrict the number of laps of the faster car/driver combination based on the handicap calculations.

**8. Relay Baton**

Each car will be issued with a timing transponder, only one of which from each Team will be allowed on circuit at any one time. Any Team found to have two transponders on circuit at the same time will be penalised by two laps deducted for each occurrence. Additional 'visible' batons may also be required and may be notified in Competitors' Instructions.

**9. Team Communications**

No radio communication between Team members is allowed during the race; phones are specifically banned from the pit lane and any team car.

**10. Pit Lane Discipline**

Full details of driver changeover procedure will be detailed in the Competitors' Instructions and/or at the mandatory Drivers' Briefing (see below). A Pit Lane speed limit of 30mph will be in effect and enforced accordingly (penalties will be applied as detailed in ASR 14i below).

**11. Drivers Briefing**

All drivers and team managers must attend a mandatory drivers briefing for which the time and location will be notified in the Competitors Instructions.

**12. Judges**

Each team will have a Judge appointed to monitor compliance with the SR's, Competitors' Instructions or any written/verbal instruction that the organisers may issue.

**13. Penalties**
