6. Please note it is a specific MSA instruction that armbands must only be issued to persons appointed to act in an official capacity, and that such armbands are not transferable. The armband issued to you when you sign-on is for your use in connection with the duty allocated to you only - it must not be lent or passed to any other person, or be used for gaining access to any prohibited area.

7. Motor Sport can be dangerous, and marshals should stand no nearer to the edge of the track than is absolutely necessary for the performance of their duties and where possible behind the protective barriers. If your duty is in an area which is prohibited to the public, please note that you are not authorised to allow friends or relations to enter these areas, and you should ask anyone present who is not authorised to be there to leave. Remember that the Club has the use of the site on the understanding that spectators are confined to the paddock and spectator area. The spectator areas are clearly defined at this venue and it is incumbent on all marshals to ensure that no member of the public strays beyond these areas. Marshals must not carry cameras - if you are off duty and wish to take photographs, for instance during the lunch break, please remove your armband before doing so. Marshals and officials should abstain from the consumption of alcohol or drugs while on duty.
