The Suffolk Tour

A Reflection on the Wealth of Medieval Suffolk

During Medieval times the wealth of Suffolk was based on its wool industry with many landed gentry and merchants becoming extremely rich and powerful. Much of this wealth was exhibited by their willingness to build grand houses and to finance the construction of fine churches, often to ensure their favourable reception at 'the Pearly Gates'. During this time the production of cloth was concentrated in towns and villages which in turn still continue to display the prosperity of those times of long ago.

This year's Tour of around 75 miles, which will again start and end at Pakenham Water Mill, will be visiting three of these 'Wool Villages' and will be exploring some little known lanes and byways in between.

The Tour will start with breakfast rolls and end with tea and cakes with a picnic lunch at midday.

During the Tour there will be opportunities to stop and explore further as your interest dictates.

Early entry for this popular Tour is strongly recommended.

Pakenham Water Mill (IP31 2NB), is just off the A143 7 miles NE of Bury St Edmunds. A breakfast roll and hot drinks will be included before departure and with tea and cakes on completion (based on two per car) extra refreshments can be purchased on the day. A lunch stop at a village hall will be arranged on the day and members are recommended to bring a picnic.

Pakenham Water Mill is owned by The Suffolk Building Preservation Trust and is managed on a day to day basis by a dedicated team of volunteers. The Mill, which is the last working water mill in Suffolk, is regularly open to the public throughout the summer months. Special themed events are also held each summer (www.pakenhamwatermill.org)

The Mill produces stoneground wholemeal flour, spelt flour and rye flour all of which will be available on the day.

The Mill is one of the five locations nominated in the 'Britain's Best Landmark' category in the Countryfile Magazine's 2019 Awards Scheme.

The volunteers look forward to sharing the Mill with you on September 5th and pointing you again towards yet more of the county's treasures and special landscapes.

SAFETY, HEALTH, ENVIRONMENT AND FIRE (SHEF) AT THE VINTAGE SPORTS-CAR CLUB (VSCC) AND DURING VSCC EVENTS

It is the Policy of the Vintage Sports-Car Club (the Club) to operate in a positive culture of safety, health, and environmental protection throughout its entire business and sporting activities. To this end, the Club will coordinate all relevant activities under the collective heading of Safety, Health, Environment and Fire, or 'SHEF'.

The Club fully recognises the potential risks in its activities, the application of relevant legislation, and that it has the ultimate legal responsibility in these matters both in the workplace and at the Club's events. Accordingly, the President accepts overall responsibility for policy formulation and effective implementation of that policy. In turn, all employees, competitors, officials, and volunteer helpers are responsible for all SHEF duties allocated to them, either directly, or as a result of the Club's SHEF policy. Members of the public at Club events, whether paying or not, will be advised of their responsibilities as a result of their decision to spectate.

In pursuance of this policy, the Club will progressively identify all hazards and take measures to reduce risk. Motor Sport is spectacular and exciting, providing enjoyment to competitors and spectators alike, but there are many aspects of the sport which carry inherent risk. Much of this risk cannot be eliminated totally, and the emphasis must therefore be placed on controlling the risk through effective risk management systems. The purpose of such Risk Management will be elimination of the risk where possible, or to reduce the risk to levels which are demonstrably As Low As Reasonably Practicable (ALARP) where it cannot.

Throughout all of its activities, the Club will appoint an appropriate number of competent persons to implement the Club's SHEF procedures. In addition, a number of SHEF committees are established to ensure proper consideration of all risk factors, Committee members and other competent persons may be employees or volunteers. Competence will be guaranteed by formal training, the maintenance of records and, for motor sports events, full compliance with the rules and regulations of Motor Sports UK (MSUK), the governing body of the sport in the UK, and the venue owners.
