A change of car in handicap races is not permitted. However, changes of driver will be at the discretion of the Chief Handicapper, whose decision is final.

5. COMPETITOR SAFETY & CONDUCT

7. COMPETITION NUMBERS, ADVERTISING AND MANDATORY VEHICLE DECALS

Competitors will be identified by competition numbers complying with MOTORSPORT UK regulations. It is the competitors' responsibility to ensure they comply with these regulations.

MOTORSPORT UK Regulation J4.1.2 is modified as follows - For the cars of periods A to E the positioning of the competition numbers on the car need not comply with the directions laid down in the MOTORSPORT UK Technical Regulations provided the positioning of the numbers satisfy the organisers, the timekeepers and judges. 8. TRANSPONDERS

Timing Transponders will be issued to each competitor, which they are required to fit to their car in such a place that it can send an uninterrupted signal vertically downwards to the track. Competitors should be aware that the entry form includes a declaration regarding the use and return of these items. Failure to return these items at each race meeting may result in the competitor paying a replacement fee. Competitors wishing to use their own transponder should declare its number on both the entry form and during signing-on for each meeting. Failing to record a suitable practice time through non-fitment, or fitting the wrong transponder, will result in the competitor starting from the back of the grid. Should a car be double driven, it is the competitor's responsibility to ensure the transponder allocated to the competitor on-track is fitted to the car. Failure to carry the correct Transponder can result in your laps and finishing position not counting towards the results.

9. PRACTICE

There will be separate practice sessions of at least 10 minutes as detailed in the instructions to competitors. Drivers must complete at least 3 practice laps to qualify for a place on the grid. Drivers practising out of session, or who qualify only through familiarity with the circuit may be placed on the back of the grid in accordance with Q12.4.2

10. STARTING POSITIONS AND HANDICAPS

Starting positions for scratch races will be determined by practice times. Drivers will have one practice session in each car entered at the meeting.

Cars stopping on the grid in the wrong location may be given a Jump Start penalty Q12.13 – Q12.14.

The Start Procedure for Scratch Races will be as follows unless otherwise advised in the SR's or Competitors' Instructions. As soon as all the cars are positioned on the grid the five second board will be shown and the race will start with red lights being extinguished.

MOTORSPORT UK Regulation G6.7.1 is modified as follows - Handicaps will be based on the previous known performance of the car entered, or performance of a similar car in the absence of records relating to the car entered. Any handicap may be revised during the meeting, such re-handicap being notified on the Official notice board. Handicap race grids may be as set or may be modified after practice times are studied. Organisers may run handicap races as either staggered start or using a credit lap method should staggered starts not be possible. In the event of a race stoppage during a handicap race organisers may restart the race from the original published grid positions (Q12.15).

11. END OF RACE

MOTORSPORT UK Regulation Q12.28.2 is modified as follows - After receiving the end of the race signal, drivers should proceed at a reduced speed without overtaking to return to the paddock by the re-entry road or as directed by the marshals.

PIT GARAGES

At our race meeting at Silverstone we are asking for a small charge for those competitors that wish to base themselves in one of the circuit's pit garages. This has been common practice for many years by a number of other clubs and organisers and for 2022 the VSCC will be continuing to operate this system.

The funds raised by garage bookings are allocated in full to the Club's Marshals and Volunteers that support us throughout the year at around 40 different events all over the country. The funds may be used to purchase new equipment, fund training sessions, provide a cooked breakfast or packed lunch at an event; anything that will directly benefit long-standing and new Marshals, Volunteers and Officials.

For Silverstone the use of a pit garage will cost £30 per car, this should be indicated on your entry form and £30 added to your entry fees. If you wish to share your garage with a fellow competitor, please indicate this but note your garage companion will also need to make a garage booking. Furthermore, owing to the size of the Silverstone garages, available space will be shared with other competitors who have booked garage space.

We look forward to your support of this fund raiser.
Carrie Bedford
