SILVERSTONE AutoSOLO
Saturday 20th April 2024
Motorsport UK Permit No -

Held under the General Regulations of Motorsport UK (incorporating the provisions of the International Sporting Code of the FIA) and these Supplementary Regulations

Introduction

AutoSOLO's are 'all forward' driving tests on a sealed surface using numbered markers. As there is no reversing, they have been proven to be very popular with the older driver in an older car as well as the novice. There is less strain on the back axle and creaking necks, and also no need for 'pushers' for those cars without reverse gear. The tests tend to be more straight-forward than traditional tests and are, therefore, less of a memory test. They have also proved to be rather competitive. This should be an opportunity for members, of all ages and all levels of experience, to enjoy throwing their car around without risk to rheumatism or transmission!

Please can all competitors view this video to see how it will be indicated to you which direction to pass the cones: https://www.youtube.com/watch?v=HbHordb1_4g (although published in 2020 the video is still applicable).

Depending on the number of entries, it is likely that competitors will be divided into two groups of approximately equal size. Each group will be allocated to start one of the two identical tests set up next to each other (Tests 1 & 2), separated by a barrier. Each group will complete Test 1 before moving on to Test 2. Or Test 2 before moving on to Test 1 depending on the group. Likewise for tests 3 & 4, 5 & 6 For test 5 & 6 competitors should be aware it is possible that a 'super test' will be used, utilising the space occupied by each of the individual tests. Such competitors will be asked to make themselves known to the marshals during the competitor's briefing.

b. There will be a brief break at the end of each of the pairs of tests whilst any required resetting of markers carried out. Each will be followed by a 5-minute familiarisation period during which competitors may walk the test. Competitors are required to refrain from walking the tests until the reset has been completed.

17. Practising will not be allowed. It is essential that competitors acquaint themselves with the requirements of a test prior to arriving at its start line, in order to avoid delays, and must come forward to the line when requested by the marshal. Failure to do so will incur 20 penalties. Competitors must remain in their car whilst in the area, except where required by the test instructions.

18. Competitors will be identified by numbers which will be provided by the organisers and should be displayed on the drivers' side headlamp.

SAFETY, HEALTH, ENVIRONMENT AND FIRE (SHEF) AT VINTAGE SPORTS CAR CLUB (VSCC) AND DURING VSCC EVENTS

The Vintage Sports-Car Club's Policy Statement

It is the Policy of the Vintage Sports-Car Club (the Club) to operate in a positive culture of safety, health, and environmental protection throughout its entire business and sporting activities. To this end, the Club will coordinate all relevant activities under the collective heading of Safety, Health, Environment and Fire, or 'SHEF'. The Club fully recognises the potential risks in its activities, the application of relevant legislation, and that it has the ultimate legal responsibility in these matters both in the workplace and at the Club's events. Accordingly, the President accepts overall responsibility for policy formulation and effective implementation of that policy. In turn, all employees, competitors, officials, and volunteer helpers are responsible for all SHEF duties allocated to them, either directly, or as a result of the Club's SHEF policy. Members of the public at Club events, whether paying or not, will be advised of their responsibilities as a result of their decision to spectate. In pursuance of this policy, the Club will progressively identify all hazards and take measures to reduce risk. Motor Sport is spectacular and exciting, providing enjoyment to competitors and spectators alike, but there are many aspects of the sport which carry inherent risk. Much of this risk cannot be eliminated totally, and the emphasis must therefore be placed on controlling the risk through effective risk management systems. The purpose of such Risk Management will be elimination of the risk where possible, or to reduce the risk to levels which are demonstrably As Low As Reasonably Practicable (ALARP) where it cannot. Throughout all of its activities, the Club will appoint an appropriate number of competent persons to implement the Club's SHEF procedures. In addition, a number of SHEF committees are established to ensure proper consideration of all risk factors, Committee members and other competent persons may be employees or volunteers. Competence will be guaranteed by formal training, the maintenance of records and, for motor sports events, full compliance with the rules and regulations of Motorsport UK, the governing body of the sport in the UK, and the venue owners.
