The final timetable will be detailed in the Competitors' Instructions.

7. The length of the course for Test E is 3.64 miles in a clockwise direction and consists of the Silverstone "Historic" Grand Prix Circuit. Where relevant, lengths of individual tests will be given in the test details.
8. The event will consist of two main classes.

**Class One A** is open to pre war cars with any capacity in a road legal condition in accordance with NCR 14.4 and the definition below i.e. Period Defined Vehicles (Non-Rally) A-D,

**Class One B** is open to cars of any age with any capacity in a road legal condition in accordance with NCR 14.4.1 and the definition below - in the following categories:

- a. Post War Period Defined Vehicles (Non-Rally) E
- b. Road Cars - Series & Specialist Production NCR 14.1.6
- c. Modified Cars – Series and Specialist Production NCR 14.1.7
- d. Sports Libre Cars NCR 14.1.6

PLEASE NOTE – Road legal means that cars must comply with NCR 7 and all statutory regulations concerning the construction and use of vehicles, be currently registered and taxed as a private car and have a valid full MOT Certificate where required. Cars entered will be checked with the DVLA website, whose records will be deemed final for purposes of eligibility and insurance, when entries close. Cars which do not comply will be moved to Class 2.

**Class Two** is open to cars competing in a non road-legal condition. Vehicles must comply with current Motorsport UK Technical requirements for the specific category, as above, including operational lights and safety equipment. Tyres may be race spec eg. Dunlops Ls or Ms or equivalent Avons, **due to concerns about speed differentials Slicks are no longer allowed.**

- a. Road Cars - Series & Specialist Production NCR 14.1.6
- b. Modified Cars – Series and Specialist Production NCR 14.1.7
- c. Sports Libre Cars NCR 14.1.6

Competitors will be required to declare with which class their car complies upon entering the event and must ensure that their car complies with the specific safety equipment requirements for the Motorsport UK designated category for the vehicle. These are listed at the end of these regulations. Tyres may not be changed after the car has been scrutineered. Eligibility for the declared class may be confirmed by inspection in parc fermé following Test E.

All vehicles must comply with Motorsport UK 2025 NCR except for the following which are modified:-

NCR 7.2.8.2 Supercharged/turbocharged cars will be deemed to have their capacities increased by one-third for the purpose of calculating the handicap formula.

NCR 7.2.13.1 Any type of standard road tyre or size of tyre may be used provided it complies with Motorsport UK tyre regulations, but neither type nor size may be varied during the meeting. Tyres must be road-legal in all respects for the vehicles in the road equipped classes. Blockley Tyres with DOT marking may be used.

NCR 14.4.6 Cars must run on pump or VSCC approved sustainable synthetic fuel only.

NCR 14.4.11.1 Timing Struts are highly recommended for the morning tests in order to allow accurate timing by light beam.

It is mandatory that all cars entering Test E have a fitted, working transponder. If a car has one fitted the correct number should be supplied on the entry form. If one is not fitted transponders will be available to hire when collecting paperwork from Admin on the morning of the event. Hired transponders must be returned, without fail, prior to leaving the circuit.

9. Awards will be presented to VSCC members as follows:-

**The Pomeroy Trophy** – for the best performance overall for a Class One car

**The Densham Trophy** – for the best performance of a VSCC eligible road legal (i.e. car holds a current VSCC Eligibility Passport – ‘Buff Form’ issued in the name of the current owner) pre-war car, not winning the main trophy

**The Pomeroy Edwardian Trophy** – for the best performance by a VSCC eligible road legal (i.e. car holds a current VSCC Eligibility Passport – ‘Buff Form’ issued in the name of the current owner) Edwardian car or a car fitted with 2-wheeled brakes, or by a VSCC eligible Vintage car if above criteria not met.

**The Voiturette Trophy** – for the best performance of a VSCC eligible road legal (i.e. car holds a current VSCC Eligibility Passport – ‘Buff Form’ issued in the name of the current owner) pre-war car under 1494cc, not winning the main trophy

**The Gordon Spice Cup** – for the best performance by a Class 2 car

First, second and third-class awards as appropriate to the number of starters. The named trophies to be held for a nominal period of one year, presented at the Club’s AGM or Presentation Dinner, others to be retained. To be eligible for an award, all the Tests must have been attempted.

In the event of a tie, the driver of the older car will be declared the winner.

10. Entries open on the publication of these regulations and close finally on Sunday 10<sup>th</sup> February 2024. Received entries will be acknowledged on receipt NCR 3.5.6. The entry fee is £233.00 for Vintage and PVT cars; £326.00 for post-1940 cars. Non-Road legal Post 1940 cars (Class Two) £355.00 All entries must be made on an official entry form and be accompanied by the appropriate fee. \* Competitors will be expected to have an acceptable hood in the opinion of the judges or incur the penalty

\*\* The front passenger space will not be accepted as a stowage area. Luggage rack needs to be mechanically attached to the car.

NCR 6.11 (d) An entrant shall, before the event, satisfy himself as to the eligibility and safety of the vehicle and safety equipment and the competence of its driver.

NCR 6.11 (e) An entrant shall furthermore ensure that a vehicle is maintained in an eligible and safe condition throughout the event or meeting  
NCR 6.1.2. The act of presenting a vehicle and safety equipment for official scrutiny, or by completing and submitting any form of online/electronic declaration, shall be deemed a declaration of its fitness and eligibility for the event and an acceptance of the consequences of such a declaration not being valid.

NCR 14.12 Except for cars in the non-road registered Class; It is the competitors’ responsibility to ensure their vehicle complies with the current Road Traffic Act(s).

18. Definitions to be used in calculating formulae:-

C = the capacity in litres H = handicap Y = the year of manufacture less 1900 (or 4 if year of manufacture is pre-1904)

N.B. Year of manufacture is determined by the youngest age quoted for the car/engine

## REVISED L LENGTH

**L (Front Engined Cars) = the horizontal length (in inches) from the rearmost point of the pedal pads to the centre line of the rear axle**

**L (Mid- or Rear Engined Cars) = the horizontal length (in inches) from the rearmost point of the pedal pads to the foremost part of the bulkhead dividing the passenger compartment from the engine mechanism.**

### SELECT THE CORRECT 'L' MEASUREMENT CRITERION FOR YOUR CAR - IT IS REQUIRED ON YOUR ENTRY FORM

T = the actual time recorded for any test

F = the 'Figure of Merit' (factored time)

The constants K for each test are defined so that a graph of the handicap modified times of at least 90% of the cars finishing the test approximates to a horizontal line

Handicapping will be based on the following handicapping factor: **H = 70CY/L**

#### Conversion of the Figure of Merit, F (factored times) to Marks:

The fastest time (Figure of Merit) gets 100 marks, decreasing linearly down to zero points for anytime slower than twice the fastest time (Figure of Merit).

**Test A** A driving test of a zig-zag nature  $F = T + KH$  **Maximum of 100 marks**

**Test B** A driving test of a start-stop nature  $F = T / (1.2 - KH)$  **Maximum of 50 marks**

From a standing start at line A, drivers will cross line B at a speed of their own choice, the car is required to stop with its front wheels between lines C and D (which will be some 6 meters apart). Timing will be from the front wheels crossing line B to coming to rest. Competitors failing to stop with their front wheels between lines C and D at the first attempt will not be marked. 2-wheel braked cars will be marked separately.

**Test C** A standing start quarter mile sprint  $F = T + KH$  **Maximum of 100 marks**

**Test D** A flying start 250 metres sprint (continuing from Test C)  $F = T \times KH$  **Maximum of 100 marks**

**Test E** A high speed reliability trial, held under certain 'Circuit Racing' conditions; competitors should note the following:

- NCR 12.7.1.6 and NCR 12.7.1.5 (Track Regulations) regulations will apply throughout the test and penalties applied accordingly where necessary. Each occurrence is 10 penalties
- NCR 12.8. (Signals by Flags and Light Panels) regulations will apply throughout the test and penalties applied accordingly where necessary at the discretion of the Clerk of the Course, conventional time penalties will be converted into penalty marks.
- NCR 7.5.6 (Red Warning Light) competitors should comply with these requirements and ensure the light is switched on when visibility is reduced, or when instructed by the Clerk of the Course.

This test will be run in sessions, and, as far as possible, the fields will be made up in such a way that the older cars are not required to circulate in company with much faster modern machines. Cars will be run on the Grand Prix Circuit for 40 minutes against a target number of laps to be advised in the Competitors' Instructions.

Because sessions may suffer differing weather conditions, 'yellow flag' and other hindrances, each session may be marked separately using a compensating formula. Details of such formula will be published on the Official Noticeboard on the day as required.

100 marks will be awarded to competitors completing this test correctly, but this figure will be reduced as follows:

- For every lap short of the target set – only completed laps count **10 penalties**
- For every stop, unless due to an obstruction on the track **10 penalties**  
(a car will be deemed to have stopped if the un-driven wheels cease to revolve in the direct of travel – a spin will therefore count as a stop)
- In the car is not running at the end of the session **20 penalties**
- There must be no overtaking or accelerating until you are past the Union Flag which will be displayed on the Start line. If this is deemed to have been done by the Judges of Fact a Drive Through penalty may be imposed.

19. All other NCR apply as written, except for the following which are modified:
- NCR 14.4.12 Except for cars in the non-road registered Class; Cars must be in road trim, registered in the UK or Eire and legal for road use, or to be able to satisfy the "UK Visitor" requirements (See SR8 above). This does not include insurance cover for road use.
- NCR Chp 3.11 Art 1 After the entry closing date, any change of car from that appearing on the published entry list is at the discretion of the organisers.
- NCR 6.3.1.6.b ii Any competitor who has not received six signatures on his Club Race Licence, must display a Novice Cross.
- NCR 6.1.1 (a) Only one car may be entered by a member who must drive throughout.
- NCR 13.11.1.1 (l) A change of driver from that shown in the programme can only be sanctioned in writing by the Stewards of the Meeting. Requests for such changed must be submitted to the Secretary of the Meeting in accordance with the provisions of NCR 13.11.1.1 (l).
- NCR 12.6.3.1 Practice will not be permitted although in Tests A to D competitors will be led over the course by a pilot car and in Test E they will be led around the course by a pilot car for two laps. Competitors will have an opportunity to walk the course for Tests A and B before the competition begins but will not be able to walk the full circuit during the lunch break owing to track activity
- NCR 14.2.4.1 Will apply
- NCR 14.3.3.1 Each competitor will have one attempt at Tests A to E to qualify for an award.
- NCR 14.3.3.4 Any penalties are as detailed in these SR's and the test instructions.
- NCR 12.13.14.1 Cars must be fitted with at least one mirror of minimum surface area 50sq.cm securely mounted and positioned to give a clear view to the rear. The edges of mirrors must be protected by a suitable cover to reduce the possibility of injury in the event of an accident.
- NCR 12.13.8 Cars must be fitted with an oil catch tank suitable for circuit racing for the Pomeroy Trophy event.
20. Marshals in charge of tests, lap scorers and the timekeepers are appointed Judges of Fact for the purpose of determining whether or not competitors complete the tests correctly. Names will be posted on an official bulletin prior to the start of the event. For the purposes of Test E, any evidence presented from Data Logging equipment or personal lap-counters is not within the spirit of competition and will not be accepted or entertained.
21. Please refer to the current MSUK NCR's Crash helmets must be worn at all times while the driver is in the vehicle when moving. Crash helmets must be as specified in NCR 9.5 and must carry the appropriate MSUK label. In addition, ALL drivers are required to wear flame-resistant gloves, to specification, NCR 9.11. and overalls to specification, section NCR 9.3. Please note that there are no exceptions. PLEASE SEE ITEM 4 (e) on the below VEHICLE CATEGORIES AND TECHNICAL REQUIREMENTS FOR THE POMEROY TROPHY
22. **Fire Extinguishers** Please note Motorsport UK Regulation NCR 12.13.11.10 For this event all vehicles must comply with NCR 7.6.3 for hand-held extinguishers with a minimum capacity according to NCR 7.6.5 as a minimum.
23. **Noise Testing**  
The event is unsilenced
24. **ALCOHOL BREATHALYSER TEST**  
In accordance with NCR 2.2.5., all Drivers and Officials consent to submit themselves to an alcohol breathalyser test as required. The Club approved equipment used for testing are 'AlcoSense Ultra' breathalysers within valid calibration periods of their current calibration certificates. Calibration and maintenance of the devices will be undertaken by AlcoSense Breathalysers. Should any person fail the breath test and resulting in disqualification a formal Decision must be issued by the Clerk of the Course. A Driver or Official who is considered to be possibly unfit due to consumption of alcohol will not be permitted to participate. Such persons may request a re-test after a period of at least 60 mins. If the Driver or Official is still considered unfit following the second test he/she remains ineligible to participate. Should a Driver not participate in either qualifying or a race / timed run due to the possibility of being unfit due the consumption of alcohol, further participation shall be at the sole discretion of the Clerk of Course. In addition to the test, the Clerk of the Course and/or the Secretary of the Meeting may, at their sole discretion, direct that a test be carried out on any Driver or Official at any time during the meeting should they consider there are grounds for doing so. The results of all breathalyser tests remain confidential between the Secretary of the Meeting,

the Clerk of the Course and the Driver or Official concerned. Refusal or withdrawal of consent to take a breathalyser test will be treated as a failure of the test and the Driver or Official shall be excluded from participation at the meeting.

25. **PREPARATION - CARS**

All cars must be prepared to a condition which is safe to compete. In particular, given the age of the cars, it is essential that special attention is given to seals to ensure that NO fluids leak whilst the car is running idle or at competition speed. Cars which are found to leak ANY fluid during Scrutineering, whilst in Assembly or on the track will not be allowed to compete until the seal has been repaired. In addition to the oil Catch tank a separate Catch tank is also required for water with a minimum size of 1 litre.
