Definitions to be used in calculating formulae:-

C = the capacity in litres **H** = handicap **Y** = the year of manufacture less 1900 (or 4 if year of manufacture is pre-1904)

N.B. Year of manufacture is determined by the youngest age quoted for the car/engine

L (Front Engined Cars) = the horizontal length (in inches) from the rearmost point of the pedal pads to the centre line of the rear axle

L (Mid- or Rear Engined Cars) = the horizontal length (in inches) from the rearmost point of the pedal pads to the foremost part of the bulkhead dividing the passenger compartment from the engine mechanism.

BOTH 'L' FIGURES ARE REQUIRED ON YOUR ENTRY FORM

T = the actual time recorded for any test

F = the 'Figure of Merit' (factored time)

The constants **K** for each test are defined so that a graph of the handicap modified times of at least 90% if the cars finishing the test approximates to a horizontal line

Handicapping will be based on the following handicapping factor: **H = 70CY/L**

Conversion of the Figure of Merit, F (factored times) to Marks:

The fastest time (Figure of Merit) gets 100 marks, decreasing linearly down to zero points for anytime slower than twice the fastest time (Figure of Merit).

Test A. A driving test of a zig-zag nature

$$F = T + KH$$

Maximum of 100 marks

Test B. A driving test of a start-stop nature

$$F = T / (1.2 - KH)$$

Maximum of 50 marks

From a standing start at line A, drivers will cross line B at a speed of their own choice, being required to stop with their front wheels between lines C and D (which will be some 6 meters apart). Timing will be from the front wheels crossing line B to coming to rest. Competitors failing to stop with their front wheels between lines C and D at the first attempt will not be marked.

Test C. A driving test of a zig-zag nature/ start-stop nature

$$F = T + KH$$

Maximum of 100 marks

Test D. A driving test of a zig-zag nature

$$F = T + KH$$

Maximum of 100 marks

M4.6 Spill Kits will be available at each test.

M 7.12 Each competitor will have at least two attempts at Tests A to C to qualify for an award.

18. Marshals in charge of tests and the timekeepers are appointed Judges of Fact for the purpose of determining whether or not competitors complete the tests correctly. Names will be posted on an official bulletin prior to the start of the event.

If the Driver or Official is still considered unfit following the second test he/she remains ineligible to participate. Should a Driver not participate in either qualifying or a timed run due to the possibility of being unfit due the consumption of alcohol, further participation shall be at the sole discretion of the Clerk of Course. In addition to the test, the Clerk of the Course and/or the Secretary of the Meeting may, at their sole discretion, direct that a test be carried out on any Driver or Official at any time during the meeting should they consider there are grounds for doing so. The results of all breathalyser tests remain confidential between the Secretary of the Meeting, the Clerk of the Course and the Driver or Official concerned.
