BUY ADVANCE TICKETS VIA THE TICKET HOTLINE:  
**01608 644999**

The first hill climb here at Wiscombe Park was held on 24th August 1958, almost 61 years ago! The Majors Richard Chichester and Charles Lambton had the idea to create this course in the mid-1950s.

Charles Lambton had very close connections with the Vintage Sports-Car Club who first came to Wiscombe in 1983 and have done so every year since.

The picturesque course provides a stunning backdrop for the unique vintage cars in the winding woodland – **be prepared to get those picture-perfect shots on your camera!** The fastest sections of the course are the Wis and Castle Straights, which are the best places to see the speed of these extraordinary vintage Racing cars - some dating back to the 1930s!

Not only can you witness the noise and smells of these magnificent machines in action from the safety of the barriers, you will be able to get up close in the paddock areas where the drivers and mechanics are always happy to chat about their cars and the history attached to them. Its also the best place for close up photos of the competing cars - you might even be lucky enough to be invited to sit in one!

A number of catering facilities will be on-site serving both hot and cold food, and for an afternoon treat for kids of all ages, there's the ice cream van!

A full days entertainment for the whole family to enjoy at one of the UK's most challenging and picturesque motoring venues.

And don't forget under 16s go free.
