

VSCC Table Top Rally edition 1: A Virtual Bowland Rally

Route Instructions

The Start/Finish is at OS map 102: 466520, Cockerham Village Hall on the B5272

SECTION 1: *Gently Away*

Head north, initially on the brown but soon moving onto the A588.

Then pass through or close to the following:

.18 .19 .4 Telephone .7 .32 .11

To crossroads with A6 in Galgate, NW483½553

SECTION 2: *Feature Miscellany*

Use one section of white road, approx. 400m, to comply with one of the instructions referring to crossroads. ETL = Electricity transmission line.

.MS Pass 3 places of worship in close succession Over the River Conder

Under the same ETL twice > < Straight over crossroad Under ETL

Straight over another crossroad (heading southwest) Under same ETL twice
To Five Lane Ends at 500538NE

SECTION 3: *Bingo!*

Cross successive grid lines in the following order:

54 51 54 52 54 53 54 55 55 55 56 54 53 56 52 55 52 54

To Halls at 536523

SECTION 4: *Don't get Cross*

Use one section of white road, just under 1km, to cross a river.

Most of the instructions refer to cross roads. Other junctions are also used.

TR@X SO@X Cross the River Wyre TR@X SO@X

Go 'under', 'over', 'under' three roughly parallel linear features TL@X (onto A6)

TR@X (off A6) To E484519

SECTION 5: *The Finish is in Sight*

If T=Top, R=Right, L=Left and B=Bottom then exit successive grid squares as follows:-

T L B R L B L T and return to the Start/Finish in Cockerham

Well done! Now to prove you've plotted the correct route answer the following questions:-

VSCC Table Top Rally edition 1: A Virtual Bowland Rally

Question Sheet

SECTION 1: *Gently Away*

1. What tourist facility, shown in blue, did you pass on the first loop?
2. If you were at the correct telephone there should be several marked features to the west on the map, within 500m (half a grid square), that all begin with P. Name three of them.
3. What did the route go under just before the end of the section?

SECTION 2: *Feature Miscellany*

4. Name the river the route crossed between the two gradient arrows?
5. What was the name of the farm the 'white' loop took you through?
6. How many green dots in total did the route take you through?

SECTION 3: *Bingo!*

7. How many gradient arrows did this section of the route take you through?
8. On the northernmost loop the route on the map passed through a capital C. This was the first letter of what word?
9. How many red diamonds does the route take you through?

SECTION 4: *Don't get Cross*

10. The white road used to cross the River Wyre was in the grounds of which house?
11. Approx 1 km after leaving the white road the route turned left opposite a place of worship. What type of place was this?
12. What was the linear feature the route went over?

SECTION 5: *The Finish is in Sight*

13. What was the nine-letter word that named the loop?
14. What was the named bird species that the route passes?
15. On what colour road does the route pass under an ETL in this section?

This route was devised by Martin Jelley who, following in the footsteps of John Warburton, has organised many rallies in this part of Lancashire.

The correct answers to these will be available next week on the Club Noticeboard.
