A VIRTUAL LOTON PARK

As we look forward to the weekend that should have been our Loton Park hill climb (see interesting links) the government's announcement yesterday restricting social gatherings to no more than six took us all by surprise. We can only hope that this is a sign of further restrictions to come. We have this afternoon had confirmation that the Bicester Heritage Classic Car Drive-in Weekend on 18-20 September is going ahead so head to their website with your VSCC discount code to get your tickets! There is still time to complete the FBHVC Historic Motor Car survey, an important opportunity for you to have your say in how motorsport is structured in the years to come.

10 September 2020

Prescott Long 2020

IMPORTANT NOTICE

Prescott Long Course on 26th
September 2020

This will be a competitive hill climb that will be run by the Bugatti Owners Club for this year only.

To either enter or Marshal you will need to do so through the BOC's website.

Entries open first to VSCC Members who had an existing entry and are live now.

The BOC are still waiting to hear back from Tewkesbury Borough Council about whether spectators will be allowed, if they are allowed it will be for VSCC and BOC Members only and there will be a ballot for a very limited number of tickets if spectators are allowed.

TABLE-TOP RALLY

Courtesy of Annabel Jones

"This week's rally starts and finishes at Nuffield Place; the home of Morris Motor Company's founder, Lord Nuffield. This is well worth a visit, having been preserved intact by the National Trust - complete with the secret workshop in Lord Nuffield's bedroom! Unfortunately it's closed at the moment, so you will have to rely on Ian Dobinson's rally route for entertainment and postpone the Nuffield Place tour to another day."

Table Top Rally edition 16: William Morris' Test Drive

Coloured Roads Only, except where noted.

Starting from Nuffield Place (worth a visit!) at 677876

Section 1: To drive you dotty

Using two sections of white, each approx. 300m long. Since it is early, no drinking! (So not passing any PH)

uff 196 198 > 101

Then pass through exactly 14 and 1

To finish *just before* the church by the Maharajah's Well at 677840½ (and therefore the green dot hiding under the church is NOT included in the 14 above.)

Section 2: 'Erring on the side of caution

Not all white roads (dashed lines) are shown, just those to define the route and a couple of others to help:

To just after the Payables Farm Junction at 654824

Section 3: Roughly coloured tulips

White roads are only indicated where they are used.

Tulips are in order, but quite roughly drawn!

For the other directions, Imagine you are standing in the middle of a junction. The first letter is the colour of the road you arrived on. Successive letters are the roads clockwise around the junction. Leave on the road that is highlighted!

Federation of British Historic Vehicle Club Survey

In 2016 the Federations of British Historic Vehicle Clubs undertook the National Historic Vehicle Survey ('historic' to mean any vehicle 30 years old or older) to assess the contribution the historic vehicle sector makes to the UK economy and labour market. Due to Covid-19 the second survey, scheduled for 2021, has been brought forward a year. If you would like to participate please complete the survey by clicking below. Closing date is 12 October. Any comments or feedback will be gratefully received by [FHBVC](#).
