10. Marking and penalties will be as printed in the appropriate section of the Motorsport UK General Regulations;

The method of recording scores will be as follows: wherever you stop on the hill, the Marshal nearest to that point will ensure your card will be marked correctly with the score and initialled. Front wheel hub marking will be used, and competitors will be credited with the appropriate marks for the part of the section reached by the centre of the front wheel. A car will be deemed to have stopped when the un-driven wheels cease to revolve, when it fails to leave a start or restart, or when it touches a marker of any kind, or all four wheels have left the course (four wheels out)

The point of failure will be considered to be that at which any marker is first struck. For clarification purposes, FO illustrates what that car has scored. Car 3 has passed the twenty marker with the centre of the nearside hub but has hit the nineteen marker, so scores 18.

To avoid any misunderstanding Motorsport UK Rule **T6.4** is quoted;

6.4. A competitor will also be considered to have failed to negotiate an observed section non-stop if:

6.4.1 Any part of their vehicle or its occupants touch a marker.

6.4.2 All four wheels are positioned outside of the boundary of the course at the same time. The boundary is represented by a straight line drawn from course marker to course marker along the direction of the course.

6.4.3 The point of failure will be considered to be that at which any marker is first struck, or the point at which the boundary of the course is first crossed by all wheels of the competing vehicle.

6.4.4 Should this point of failure coincide with the division between two sub-sections, the marks lost will be those appropriate to failure in whichever of the two sub-sections provides the greater penalty.

11. except as modified below:

	SCORING	MARKS:
i.	Scoring: For each hill cleanly ascended and any such less marks for each portion of the hill as detailed by the marshal in charge (who will appointed as Judge of Fact) (T7.5 (b,c,d))	25 Marks (any variation in this score will be the event Regulations)
ii.	If, due to unforeseen circumstances, it becomes necessary to close a hill during the course of the trial, the following will apply: - an average will be taken of the scores gained by competitors in each of the classes. This average score will then be given to all competitors in that class who are unable to attempt the hill due to its closure, providing that at least 60% of the total starters have attempted the hill beforehand. Should less than 60% of competitors have attempted the section, no score by any competitor will count towards the results for this section

Individual Third Party Car Insurance

Competitors are reminded to check their motor insurance policy to make sure that it covers them when on the public road transiting between the sections as many policies have exclusions when the individual is involved in any form of motorsports.

Where the policy cannot be extended to provide the necessary cover, the Club has applied to **REIS** for a Blanket Cover Note under the **Motor Sports Road Traffic Scheme**. This provides Competitors who need to use the Scheme with the Third Party Cover necessary to meet the RTA requirements on the Road Sections of the Event. The rate for each Event is £35.00. Anyone falling outside these limits and not covered by their own motor insurance policy should refer directly to the REIS Motorsport Team on 0115 9651030 at least one working day prior to the event commencing – only in extreme conditions will REIS refuse insurance or a load premium.

SAFETY, HEALTH, ENVIRONMENT AND FIRE (SHEF) AT THE VINTAGE SPORTS-CAR CLUB (VSCC) AND DURING VSCC EVENTS

It is the Policy of the Vintage Sports-Car Club (the Club) to operate in a positive culture of safety, health, and environmental protection throughout its entire business and sporting activities. To this end, the Club will coordinate all relevant activities under the collective heading of Safety, Health, Environment and Fire, or 'SHEF'.

The Club fully recognises the potential risks in its activities, the application of relevant legislation, and that it has the ultimate legal responsibility in these matters both in the workplace and at the Club's events. Accordingly, the President accepts overall responsibility for policy formulation and effective implementation of that policy. In turn, all employees, competitors, officials, and volunteer helpers are responsible for all SHEF duties allocated to them, either directly, or as a result of the Club's SHEF policy. Members of the public at Club events, whether paying or not, will be advised of their responsibilities as a result of their decision to spectate.

In pursuance of this policy, the Club will progressively identify all hazards and take measures to reduce risk. Motor Sport is spectacular and exciting, providing enjoyment to competitors and spectators alike, but there are many aspects of the sport which carry inherent risk. Much of this risk cannot be eliminated totally, and the emphasis must therefore be placed on controlling the risk through effective risk management systems. The purpose of such Risk Management will be elimination of the risk where possible, or to reduce the risk to levels which are demonstrably As Low As Reasonably Practicable (ALARP) where it cannot. Throughout all of its activities, the Club will appoint an appropriate number of competent persons to implement the Club's SHEF procedures. In addition, a number of SHEF committees are established to ensure proper consideration of all risk factors, Committee members and other competent persons may be employees or volunteers. Competence will be guaranteed by formal training, the maintenance of records and, for motor sports events, full compliance with the rules and regulations of Motorsport UK, the governing body of the sport in the UK, and the venue owners.

SCORING	
i.	<p>Optional Hill Restart – Garfitt’s Gamble. One or more of the hills on the trial will feature an optional restart, scoring as follows.</p> <p>Option 1 If you decide to ATTEMPT the traditional STOP/RESTART, you will have an orange roundel stuck on the front of your car visible to all marshals, by a Trial Official at the start of the section. Your score card will similarly have a sticker attached. If so marked you will start the Section, STOP with front wheels in the box at the STOP/RESTART A SMALL AMOUNT OF ROLLING BACK IS ACCEPTABLE (YOU MUST NOT ROLL OUT OF THE BOX) HOWEVER YOU MUST LEAVE AT YOUR FIRST ATTEMPT after the marshal indicates you may do so, should you then go on to clear the hill you will be awarded a 10 point bonus, giving a total of 35 points for the hill. Worth a gamble? Should you fail at the Stop/Restart, or anywhere else on the hill for that matter, you will receive the score indicated by the marker you have reached in the normal manner.</p> <p>Option 2 If you decide NOT TO ATTEMPT the traditional STOP/RESTART, before you start the Section, there will be no stickers attached to your car or card. In this case you will start the Section, DRIVE STRAIGHT THROUGH THE STOP/RESTART and should you then go on to clear the hill you will be awarded a total of 25 points for the hill. Should you fail anywhere on the hill, you will receive the score indicated by the marker you have reached in the normal manner. Do not forget you must make your choice before you attempt the Section. You are allowed to walk the hill and a map will be displayed at the Start.</p>
ii.	<p>Timed Tie Breaker: Part of Dean’s Place Hill Section will be timed and will act as the tie break. It is RECOMMENDED that you WALK the HILL.</p> <p>When you arrive at the Hill the marshal will remind you that there will be a timed element. You start the Hill when the start marshal gives the OK. Part way up there will be a Stop/Restart. Your front wheels must be over the first line but not over the second, i.e. front wheels in a Box. At the drop of the marshal’s flag you restart without your front wheels falling out of the box and complete the hill - scoring 25 when the centre of your front wheel passes the 25 marker. You will be timed from the drop of the restart flag to passing of the 25 marker. Should you fail to complete the hill then you will not be given a time. Failure to stop with front wheels before a further FOUL LINE WILL INCUR A 10 POINT PENALTY and NO TIME BEING RECORDED</p>

The organisers reserve the right to include different start lines for different Classes, to have stop/restart tests and to have route variations.

16. Competitors will be issued with a scorecard at signing-on upon which the number of their first hill will be noted. It is the competitors’ responsibility to ensure the correct score is entered on the scorecard and that it is returned to the results team by the time announced in the Competitors’ Instructions. Cards not received by these times may be excluded from the results.

17. This event is routed along and/or across public rights of way. Competitors must exercise caution and reduce their speed accordingly near other path users. Be especially careful near horses. Slow down, stop and switch off your engine if necessary. **NO DOGS – LAMBING WILL BE IN PROGRESS.** Dogs will not be allowed at any hill venues. Please be aware that lambing is in progress on most sections. Please make alternative arrangements for your dog, rather than risking our relationship with the landowners. Thank You.
