SPECTATOR INFORMATION

Held under the National Competition Rules of Motorsport UK (incorporating the provisions of the International Sporting Code of the FIA) and the Supplementary Regulations

Welcome to the Vintage Sports-Car Club Cotswold Trial, and the Cotswold Novice Trial. In a change of format to previous years we see the experienced trialists taking to the hills on Saturday before the novices have a day to themselves on the Sunday.

WHAT IS A CAR TRIAL?

In the early days of the motor car, trialling was the main form of motor sport in the United Kingdom. There was only one racing circuit in the country, Brooklands, and rallying had not started. These climbs up rocky, muddy hills were extremely popular in their day and as with all forms of motor sport helped in the development of the car.

A Car Trial is an untimed form of motor sport, where competitors attempt to climb a number of set routes up steep, rough and muddy hills. The route up each hill is known as a 'Section'. Each Competitor will receive a score between 0 and 25 for each Section depending on how far they travel up the hill. All the scores for each Section are combined at the end of the event, and the Competitor with the highest combined score wins.

Competitors must carry passengers, who are called 'Bouncers'. The role of the Bouncer is to navigate the driver between sections on the forest roads and public highway, and bounce within the confines of the car when they are on a Section. Bouncing can give the car more grip, thus helping it to travel further up the hill and score more points.

You will notice Marshals standing alongside the Sections. Marshals observe the score for each car, whether it hits a marker, and writes this onto the Competitors' Scorecard. The Marshals are also responsible for ensuring the event runs safely so please do as they ask. Trialling is a fun form of motor sport, very social and hugely successful within the VSCC. The Club runs a number of Car Trials each year throughout the UK.

Please keep all dogs on a lead
