# **Berkshire, Buckinghamshire, and Oxfordshire Tour**

## **Sunday 28th June 2026**

The Berks, Bucks & Oxon Tour is a classic run through some of England's finest countryside, starting and finishing at Fawley Hill Museum, a unique private collection of vintage vehicles, memorabilia, and its own railway.

From the outset, the route winds into the Chiltern hills, where quiet, twisting lanes pass through beech woodland, open fields, and gentle rolling scenery. Along the way, the tour takes in the famous climb at Kop Hill, following the historic hill climb route before pausing for a relaxed lunch at Oxmoor Farm. The highlight of the tour is its close connection with the Thames crossing it four times at Henley, Marlow, Wallingford & Goring, each offering its own charming riverside views.

The day finishes back at Fawley Hill, where entrants can round off the tour with a ride on the museums steam railway which is one of the steepest standard gauge lines in the UK! An ideal end to a memorable journey through the Chilterns and Thames Valley.

#### **SAFETY, HEALTH, ENVIRONMENT AND FIRE (SHEF) AT THE VINTAGE SPORTS-CAR CLUB (VSCC) AND DURING VSCC EVENTS**

It is the Policy of the Vintage Sports-Car Club (the Club) to operate in a positive culture of safety, health, and environmental protection throughout its entire business and sporting activities. To this end, the Club will coordinate all relevant activities under the collective heading of Safety, Health, Environment and Fire, or 'SHEF'.

The Club fully recognises the potential risks in its activities, the application of relevant legislation, and that it has the ultimate legal responsibility in these matters both in the workplace and at the Club's events. Accordingly, the President accepts overall responsibility for policy formulation and effective implementation of that policy. In turn, all employees, competitors, officials, and volunteer helpers are responsible for all SHEF duties allocated to them, either directly, or as a result of the Club's SHEF policy. Members of the public at Club events, whether paying or not, will be advised of their responsibilities as a result of their decision to spectate.

In pursuance of this policy, the Club will progressively identify all hazards and take measures to reduce risk. Motor Sport is spectacular and exciting, providing enjoyment to competitors and spectators alike, but there are many aspects of the sport which carry inherent risk. Much of this risk cannot be eliminated totally, and the emphasis must therefore be placed on controlling the risk through effective risk management systems. The purpose of such Risk Management will be elimination of the risk where possible, or to reduce the risk to levels which are demonstrably As Low As Reasonably Practicable (ALARP) where it cannot.

Throughout all of its activities, the Club will appoint an appropriate number of competent persons to implement the Club's SHEF procedures. In addition, a number of SHEF committees are established to ensure proper consideration of all risk factors, Committee members and other competent persons may be employees or volunteers. Competence will be guaranteed by formal training, the maintenance of records and, for motor sports events, full compliance with the rules and regulations of Motorsport UK (MSUK), the governing body of the sport in the UK, and the venue owners.

P Mullins, President, April 2026
