

VSCC PRESCOTT – RULES OF THE CAMPSITE 3/4 AUGUST 2013

Thank you for supporting VSCC Prescott and welcome to this campsite operated by local landowner, David Marsh. Please bear in mind that not everybody who lives close to the Prescott Hill Climb is as enthusiastic about motor sport as you might be – we must respect their privacy and avoid intruding into their lives unless specifically invited to do so. That said, it is important to clarify that the campsite is not run by VSCC Ltd and the Club cannot take any responsibility for the conduct and/or operation of the campsite.

Payment All dues must be paid to Mr Marsh's staff. The amount charged is set by him and is likely to be £5.00 per person per night with concessions for children and families. In return you will be provided with a tag or ticket by Mr Marsh to show that you have paid. Please display this clearly in your car – and remember to take it with you if you take your car off-site.

Absolutely no trade stands or tabletop selling is allowed in the camping fields whatsoever, unless by prior arrangement with Mr Marsh. Mr Marsh and his staff reserve the right to confiscate all stock from anyone breaking this rule.

Access and Egress Are described on the map below. Please read the local signs in case things need to be changed for any reason.

Quiet Zones Please study the map overleaf and familiarise yourself with the layout. You will note that certain areas, particularly those adjacent to local properties are designated as quiet zones – this applies at ALL times. The remaining areas are to be quiet between the hours of midnight and 6.30am. This means no music, no engines and no excuses! Offenders will be asked to leave. A Security Patrol may visit the campsite on an occasional basis.

Use of Mechanically Propelled Vehicles Road legal vehicles may be driven around the campsite at a maximum speed of 10 m.p.h. by persons holding the correct Road Traffic Act licence provided that RTA insurance is in place for the driver. Go-karts, off-road bikes, 'toy' cars and the like MUST NOT be driven around the campsite at any time and other vehicles must not be driven by people who do not hold the appropriate RTA licence. Competing cars should not leave the paddock once they have been scrutinised by the MSA scrutineers; any that do may need to be re-scrutinised at the discretion of the Clerk of the Course. Competing cars which are not road-registered MUST NOT BE DRIVEN ON THE PUBLIC HIGHWAY, including crossing the road between the hill climb and the campsite. Competing cars which are road-registered must not be driven on the public highway unless the competition numbers are completely covered or removed – (offenders may be penalised under Section S 9.2.6 of the MSA 2013 Competitors' Yearbook).

Sanitary Arrangements Male/Female toilet units are positioned close to the entrance. Please respect the division of the sexes at these units. In addition, there are a number of 'sentry box' units throughout the site and these are 'Unisex' so that long walks in the middle of the night will be unnecessary. Please note that the male/female units require a generator to function. This MUST be left running overnight for service to be maintained (switching off the generator has previously resulting in blocked loos) so do not camp near to these units if the noise of the

generator will disturb you. There will also be a wash-up point (cold water only) close to the male/female toilet units and a further tap is located in the bottom field. Rubbish bins will be situated around the campsite for use by campers. Please dispose of all 'household' rubbish into the bins. **DO NOT BRING RUBBISH FROM HOME.**

Wildlife and Farm Stock We have received complaints from local farmers of campers 'feeding the animals'. This must not happen. In addition, local livestock must not be subjected to noise or taunting. **ABSOLUTELY NO FIREWORKS.**

Tentage and Fire Safety No formal layout will be imposed but this requires that all campers locate their vehicles and tents sensibly. You must make sure that there is sufficient space for emergency vehicles to negotiate the site. To minimise the risk of fire:

- **The Basics**

No fireworks, No open fires or braziers, All vehicles movements to proceed at only walking pace, No driving of vehicles without a valid driving licence, No music after 11.00pm and no noise after midnight, No storage of fuel for competition use within the campsite. Security personnel will be available on the Hill Climb site and may be called on if necessary.

- Ensure that caravans and tents are kept at least 3 metres apart.
- Find out where the nearest fire-fighting equipment is (probably the extinguisher in your car).
- Keep a torch handy for emergencies. Don't use a lit candle.
- Fires in tents and caravans spread very quickly. If there's a fire get everyone out straight away and then call the fire and rescue service (999) and give the exact location (the post code is GL52 9RD).

Caravans

- Take care when cooking - don't leave fat pans unattended.
- Keep matches and lighters out of the reach of children.
- If you smoke, use suitable metal ashtrays. Never smoke in bed.
- Children should not be left alone in a caravan.
- Keep the caravan ventilated. Don't block up air vents - it could be fatal.
- Keep a fire extinguisher inside the caravan, by the door.

Gas Bottles

- Keep cylinders outside your caravan/tent.
- Before going to bed or leaving the caravan, turn off all appliances.
- Turn off cylinders unless appliances (such as a fridge) are designed to run continuously.
- Never use a cooker or a heater whilst a camper or caravan is moving.
- Change gas bottles only when completely empty.

Tents

- Never use candles in or near a tent. Torches are much safer and keep matches and lighters out of the reach of children.
- Flammable liquids and gas cylinders should be kept and only used outside the tent and away from children.
- Keep flammable material, including long grass, away from cooking area.
- Don't smoke inside tents.
- Prevention is key. A fire can destroy a tent in less than 60 seconds. Avoid using naked flames inside tents.

Proprietary Barbecues are allowed but bear in mind all of the above!

Dogs Dogs are welcome on the campsite but must be kept under control at all times – including noise and toilet control – please clean up after your dog. Remember that **DOGS** are **NOT ALLOWED** at the hill climb and must not be taken into the hill climb site under any circumstances.

Catering – Please support the caterers

Saturday 3 August.

Breakfast – Cooked buffet breakfast and baps will be served in the Clubhouse from 7.00am.

Lunch – The Clubhouse will be open for a buffet style lunch with a range of hot foods, sandwiches and salads. There will be a number of outside food units open selling a range of hot/cold snack foods. The outside bar and coffee shop will also be open. All of these units open all day from around 8.00am and throughout the afternoon. The Clubhouse will close around 4.00pm to allow set up for evening meals.

Evening – Live music will be playing in the large marquee in the village area Saturday. Food units and the bar will be open in the village area all evening until late.

Sunday 4 August. Breakfast and Lunch will be as per Saturday.

Competitors, officials and visitors are advised that no matter how many food outlets are open, there will be queues at 1.00pm when the track closes for lunch, so it may be worth spreading your lunch over the afternoon as all our units will be open all day offering the same food. **Priority at lunch time will be given to marshals and officials.**

PLEASE NOTE THAT THE CAMPSITE IS OPERATING UNDER SCRUTINY AGAIN THIS YEAR AND BREACHES OF THESE RULES MAY WELL RESULT IN THE LOSS OF THE PRESCOTT CAMPSITE FOR EVER
